What People Are Saying

"TIFFIN PARTS usually has everything I need in stock. If they don't, I am given an exact ETA that I can pass on to my customers. Pricing is also a large factor because without competitive pricing we couldn't turn a profit. Tiffin's prices are fair and the best around. Lastly, the quality of the product means a lot to us and our customers. When we install items on our equipment we have to stand behind the product. We feel that by using TIFFIN PARTS we don't have to compromise quality for affordability."

"The greatest asset of any organization is its people. This is where TIFFIN PARTS really tips the scales. Everyone we've come into contact with has gone out of their way to assist us in every way possible. We look forward to many more years of working with TIFFIN PARTS."

Norm Jensen
RPK Industries, Inc.

"They have an extremely knowledgeable parts team that actually answers the phone! It doesn't matter if the equipment was made yesterday or 40 years ago. They consistently get me the information and parts I need with no problems, in a timely manner and with competitive pricing."
