Subject: Parts Surcharge Effective October 1<sup>st</sup>, 2021

Manufacturers continue to face unprecedented challenges with the rising costs of raw materials, components, and logistics. We have absorbed and continue to absorb the majority of these cost increases, but despite our best efforts we've had to make the difficult decision to take action. As a result, beginning on October 1<sup>st</sup>, 2021, a 2.5% surcharge will be added to all new parts invoices.

We do not take this decision lightly and have exhausted all potential solutions while considering the best interests of all parties involved. If you have any questions, please contact your Account Manager.

Sincerely,

Kevin Lee  
Vice President of Sales  
Tiffin Parts
